## FOR IMMEDIATE RELEASE

Date: June 1, 2005

TSX-V Symbol: SAE

### DRILLING COMMENCES

Vancouver, BC –Sable Resources Ltd. is pleased to announce that its mine camp located in the Toadoggone area of northern British Columbia has been opened. Initial work will consist of approximately 2,000 metres of diamond drilling which has been started. Drilling will target an extension of the mineralized zone outlined in last year's drilling program. Results from last year's drilling where the Company is looking to expand the mineralized zone include:

- ?? Hole 04-05 encountered 4.35 metres of 0.15 ounces per tonne gold and 5.16 ounces per tonne silver
- ?? Hole 04-06 encountered 16.37 metres of 0.25 ounces per tonne gold and 13.32 ounces per tonne silver
- ?? Hole 04-07 encountered 8.57 metres of 0.629 ounces per tonne gold and 29.88 ounces per tonne silver
- ?? Hole 04-08 encountered 8.26 metres of 0.153 ounces per tonne gold and 8.71 ounces per tonne silver

Also on trend are drill results from the 1980 which include hole 84-14 which encountered 20 metres of 0.13 ounces per tonne of gold equivalent and hole 88-15 which encountered 9.5 metres of 0.124 ounces per tonne gold and 5.14 ounces per tonne silver.

Sable Resources is focused on the exploration and development of its Shasta and Chappelle Properties. The Company has a 200-ton per day mill and supporting infrastructure required for production. It is management's goal to finance future exploration through the production of gold and silver.
